Sports And The Law: Text, Cases And Problems (American Casebook Series)

Synopsis

This casebook introduces students to the fundamentals of labor, antitrust, and intellectual property law as applied in the professional and amateur sporting industries. It covers the unique office of the league commissioner and special concerns with the à œbest interests of sportsâ •; the contract, antitrust, and labor law dimensions of the player-labor market; the peculiar institution of the player agent in a unionized industry; the economic and legal implications of agreements among league owners and responses to rival leagues; the system of commercialized college athletics governed by the NCAA and how law impacts individual sports like golf, tennis and boxing; as well as the structure and operation of international Olympic sports. Newly organized to enhance understanding, it also provides means for summary or detailed analysis of antitrust principles, and how these principles can be used to understand business dynamics. It also covers issues of statutory interpretation, administrative law, and torts before a variety of forums, including state and federal courts, agencies, and arbitration. The new edition updates material on the business of sports with the latest antitrust, drug testing and labor relations cases, in addition to new material on international athletics.

Book Information

Series: American Casebook Series
