Synopsis

The victors write history, come with Adrian Ambrose and rediscover history's forgotten tales. Relive forgotten history!The history of Mexico is a rich and fascinating history. Rediscover the Ancient Aztec's greatest and most elite fighting force, one of the most formidable forces the world has ever seen and a force that history forgot. This is the true historical tale of the great Soldiers of the Sun - the Aztec Eagle Warriors. This book is included as one of five stories in Adrian Ambroseâ™s first volume of Fierce & Ruthless Warriors that Shaped History. The entire first volume is available on the authorâ™s page (which can be found by clicking the authorâ™s name above this description) and includes the greatest moments of historyâ™s most elite forces; the Viking Berserkers, the Viking Varangian Guard, Islamâ™s Fidaâ™i assassins, the Ancient Aztec Eagle warriors, and Ancient Hawaiiâ™s Koa Warriors. Written in an intense, informative, and fast paced style that truly brings the reader back to the era of the great Aztec in the Valley of Mexico. You will feel as though you are standing next to Moctezuma and the great Eagle Warriors at the table of the war council.Learn of the ancient history accounts from the Aztec and the preceding omens that foretold their futureDiscover the real reason for the downfall of one of history's grandest civilizations.Basque in the glorious light of the greatest warriors to ever walk Mesoamerica and relive their greatest battle as they expel the known world's most powerful nation.Excerpt from the book.Eagle Warriors, are the elite shock-troops of the all-conquering Aztec Empire. Similar to their historical counterparts of Ancient Greece, the Spartans, the Aztecs are a society of warriors. They attack their enemies armed with shock weapons built to disable them without causing death. Their prisoners of war die on the sacred altar where they literally pluck out the still pulsating heart. For 200 years now they are the most feared and dominate force in Mesoamerica, where they have created one of the largest and most ruthless empires the world has ever seen. Now they face a foe unlike any other they have faced before, the Spanish, currently the most powerful nation in all of Europe. It is a new kind of enemy. They have never seen the devastating iron weapons the Spaniards carry, the armor that protects their bodies, the pigmentation of their skin, or the horses and dogs they have brought with them on their floating castles. They are two cultures with great means of destruction which now must clash. This is the story of the Eagle Warriors and their finest hour. This is the La Noche Victoria from the eyes of the Aztecs.Aztec history, aztecs, aztec culture, mexico, history mexico, mexico culture, hernan cortes

Customer Reviews

The Aztec is one of the greatest civilizations with an exquisite culture and methodologies. I am always fascinated by its beautiful strong colors representing their kind. This book contains a lot of factual information including but are not limited to, weaponry, beliefs, symbols and the warriors.

As someone who has always had a fascination for anything historic, I found Adrian's book a good and enjoyable read. The facts stated in the book can definitely give you thought as to how things worked in the past. There's a bit of brutality in the way the story was told but then again that is how honest and direct to the point the book turned out to be.

Here you will find the narrative history of the events, institutions and characters that have shaped Mexican history from the reign of the Aztecs through the twenty-first century. You will be able to explore the Eagle Warriors greatest moment during their finest hour. You will also learn about their different weapons. Overall, the book is amazing.

The fact that the title is misspelled in the book was a red flag. Clearly this book was published without 10 minutes of proofreading or editing. Considering the quality of the copy, I am skeptical of

the historical accuracy of the material contained here.
