Customer Reviews

Truthfully I'd like to give this book at least 4* because it is a great read for those lazy days of summer when there isn't too much to deal with except to kick back with a cold drink, spread on the sunscreen, dig your heels into the sand, and read trashy stuff. Basically, you could look at my previous review of this book's prequel HOLLYWOOD BABYLON--IT'S BACK and get the essence of what this book is about with a few key exceptions. Still gaycentric to an extreme, this book features far less nude pictures than the previous volume. There are plenty of beefcake pictures. The nudes are still there, but mostly female. Most notably the nude female is one woman---a Marilyn Monroe wanna-be named Liz Renay who appears to be some sort of porn queen/publicity grabber. Liz, who died in 2007, is quoted from her memoirs rating the celebs she bedded. It's not nice to speak ill of the dead, but this lady was a tad coarse and tasteless and had no problem evaluating and in many instances outing her 'co-stars'. Of course, the resulting discourse was hilarious but completely impossible to verify since all of her male pals are dead, too. The gaycentric theme carries on with

outing Hollywood lesbians, bi-sexuals, etc. This book even implies that Walt Disney may have sexually molested child star Bobby Driscoll, that Charlton Heston was a bi-sexual lover of the young, Marlon Brando had sex with his son Christian and daughter Cheyenne, and innumerable Hollywood celebrities were gay prostitutes or bi-sexual prostitutes. Darwin Porter is undoubtedly one gifted writer which is exactly why I've read so many of his books. I enjoy them, but I also remain a tad sceptical because there are a lot of assertions made that cannot be proven or verified because everybody outed in this book is dead.
