Customer Reviews

this is wonderful to have if you want something nicely bound and easy to carry. I did. That's why I purchased it. The Justice Department offers it for free on the EOIR website if you just need something at work.

I like having a bound book form of information that I refer to in my work setting. An electronic version just isn't the same as having a book right at hand. Plus, I live in an area where my computer tends to be "slow" just when I am in a hurry. I find that I don't get frustrated now that I have a book version to refer to instead of relying on my computer.

Fast delivery! Book it self was not that helpful as I expected

Save money by not printing it yourself. Have at your fingertips for quick reference. Great and recommend this for the practitioner.
