Customer Reviews

I was disappointed in the arrangements, they were very simple and not pleasant to listen to. In my opinion, many of the songs sounded clunky when played. I love the recording, but wasn't too thrilled with the piano/vocal score.

Cinderella has always been my favorite musical, and I'm in love with Laura Osnes and Santino Fontana. This book is a vocal selection songbook, which means that it is printed for solo work. If you're looking for duets or group numbers, you won't find it here. There aren't harmonies or reprises, so you might have to wait for the score to be released for the public.

Just posting for customers to have information. Some songs have chord notation, while some do not. I would have preferred to buy the 1960's musical book, but it is out of print.

It's a masterpiece to begin with, and I love this book. It's useful for my voice lessons and it's very clear. It came right on time, and was in beautiful condition.

Great book of songs from the Cinderella Broadway musical - love this music and the songs are written for piano, melody for solo, and chord letters.

Great but did not have the latest Broadway arrangements . An updated version would be good
