Spanish language version of the first of the phenomenal Harry Potter series. An English lad embarks upon a life of magic and wizardry in a special school dedicated to that end. A fabulous read, it not only holds one's attention, but at the same time greatly enhanced my grasp of Spanish. It serves to entertain while reinforcing Spanish language skills. I recommend it to children of all ages who have any background in Spanish.

I bought it because I am learning Spanish. I enjoyed it very much but I can't speak for how good or

bad the translation might be. My first real Spanish book and it was a challenge to get through the sentence structures and vocabulary yet very uplifting to complete.. .

Great book for my ten years old daughter!

A beautiful written book and the perfect start for the Harry Potter saga. I can't be more happy to read this book again and get enchanted with the magic world that Rowling created.

Now my little cousin can experience the wizarding world of Harry Potter: in Spanish! Nice, legible font. Classic book smell, but not overpowering. Cool cover artwork. Thanks.

Fun to read, but there are a few translation issues... five stars anyway because some of them are rather funny... like elf-flavored Every Flavored Beans...

I'm not an avid reader but I couldn't put this book down. I will read the entire series. I'm so glad I can enjoy this book in my native language.

I've read it in English but after one year of Spanish and with the help of the Kindle reader app I can read it in Spanish.
